

# GET TO KNOW THE TRANSAMERICA APP

DO MORE FOR YOUR RETIREMENT ANYTIME, ANYWHERE

## ACCESS YOUR ACCOUNT

Log in with your username and password to view and manage your account anytime, anywhere.

## MANAGE YOUR RETIREMENT ACCOUNT

The Transamerica Retirement app lets you easily access and manage your retirement plan account. Once you're logged in, simply select your account to get started.

## VIEW AND EDIT YOUR INVESTMENT STRATEGY

To view and update your investment strategy, click **Manage** at the bottom of the screen. From there, you can make changes to your investments.

## YOU HAVE CONTROL OVER YOUR INFORMATION

The financial and health information you provide is used strictly to customize your Wealth + Health<sup>SM</sup> journeys in the Transamerica Retirement app. It will not be shared with anyone. Not your employer, not your bank, not your friends. No one. We respect your privacy.

And since the information you provide in your journeys will only be saved on your device, if you remove the app, you will have to restart your Wealth + Health journeys. (Sorry, but we really think privacy is important.)

## YOUR ACCOUNT SECURITY IS OUR TOP PRIORITY

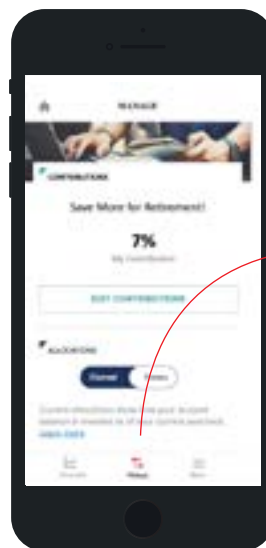

You might notice we'll ask quite a few questions when you set up your account. Security is our top priority on websites, in mobile apps, in behind-the-scenes systems, and in business processes. Day in and day out, we're working to strengthen the security around our customers' accounts.
